

Dear parent(s),

As part of growing technology, World Wide Web, Facebook, and other gadgets we are able to share information, photos of our students and what they are doing in school with great speed and ease. We want to post pictures of children at play, working on projects, their unique artwork and upcoming school events on our web site & Face Book. If for some reason you don't want your child's picture to appear on the face book or our web site please let us know.
